The regular July 1965 meeting of the School Committee of the County of Vulcan No. 2 was held in the Council Room, County Building, Vulcan, on Tuesday, July 12. Committee chairman, J. M. McKay, presided, and committee members F. N. Thurber, E. E. Burris, A. McAllister, George Moses, Earl Erickson, and Ray Wellman were present. Also present at the meeting were E. K. Hawkesworth, superintendent, and D. McQueen, secretary-treasurer.

George Seaman, painter, was present and discussed with the committee various jobs of painting on teacherages and schools, and the painting at the Lomond School was authorized with the exception of the auditorium.

It was moved and carried that the salary agreement with the Vulcan Local of the ATA be approved on behalf of the County of Vulcan.

The superintendent read letters of resignation from the following: Mrs. Laverne Alexander, Norman Richards, R. Toutant.

It was moved and carried that the resignations be accepted with regrets.

It was moved and carried that the superintendent be authorized to engage a part-time teacher for the Champion School.

Members of the committee discussed the matter of teacherage rentals and maintenance. It was noted that some of the teacherages were being left in a very dirty condition by those who are moving away, and it was felt that some definite regulations and control should be established for a guidance of tenants and the County Administration. It was moved and carried that the superintendent and secretary be requested to draw regulations for consideration of the committee at its next meeting.

Vulcan Slaughters Opposition At Claresholm Swim Meet

(By Grant Russell)

Last Sunday four swim teams from southern Alberta met in Claresholm for the first of the four swim meets to be held in this summer season. Each one of Vulcan's 25 swimmers scored points for his team in a runaway show that ended with Vulcan having 352 points, High River with 199, Turner Valley with 187, and Claresholm with 97. Actual individual points and times are not available at this time. The presence of parents encouraged the team on and helped to promote the kind of morale that keeps a moving team swimming hard. With double the parents on August 15 in Vulcan, the team may be able to double the score when the three other teams visit here to try and bring Vulcan from the top.

Under the impetus of such a victory, the team has adopted the name "Dolphins" as they make application for affiliation with the Canadian Amateur Swimming Association for the swim meet in Turner Valley on August 21. Donald Dumka and Barbara Babuk were elected secretaries of the club and the key to promotion for the meet on the 15th will be: "See the DOLPHINS at the Vulcan Pool, August 15, Sunday, 1:30 p.m."

When swimming lessons carry a Red Cross stamp it means that each swimmer has been instructed

in Artificial Respiration, land-water rescues, and, in short, water safety. A Red Cross crest on the bathing suit is proof that that swimmer is familiar with Water Safety. Under such circumstances then, the most skillful swimmer may not necessarily pass a Red Cross examination.

All swimmers before taking the final examination from a Red Cross examiner must be pre-tested by an instructor on the day preceding the examination and the swimmer will be told at that time what his chances of passing are. Any swimmer who has even the slightest chance of passing will be given that chance the following day, and any swimmer who certainly has no chance of passing will be told so and why and then asked not to come for the examination.

The merits of such a plan are obvious but not so the disadvantages. If both the number of swimmers being examined and the passing number were made public there would grow a tendency for the instructors themselves to fail the doubtful swimmers in an unconscious effort to always improve his percentage. For this reason the results of the examinations will be by passing number only. This second session resulted as follows: Seven passed the Senior test, 14-Intermediates, 15-Juniors, and 14-Beginners. An examination was

J. Lundy Findlay Tanner Of H.R. Receives St. John Defeats Wellman Ambulance Award In Herald Golf

Jack Lundy Findlay of Vulcan has been advised that he has been admitted as a Serving Brother of the Order of St. John by Her Majesty the Queen, Sovereign Head of the Grand Priory in the British Realm of the Most Venerable Order of the Hospital of St. John of Jerusalem.

The award, conferred in recognition of Mr. Findlay's outstanding service with St. John Ambulance, dates from May 12, 1965 and an

J. LUNDY FINDLAY

announcement of the honour will appear in the London Gazette in due course. An investiture by the Governor-General of Canada will be held in Ottawa some time this fall.

Mr. Findlay has made First Aid his hobby for many years and has had a most interesting record in that line. He took his first course in First Aid in Calgary in 1937 from Ernie Starr, then proprietor of Starr's Ambulance Service and now an alderman of the City of Calgary. Since that time he has taken courses in the Army and Air Force as well as civilian classes at such places as Medicine Hat, Brandon, Soreau Camp, Vulcan and St. John Ambulance Headquarters in Edmonton.

He first started instructing in First Aid to Army Cadets in Vulcan in 1943 and after active service in the RCAF, returned as Instructor for the Army Cadets in Vulcan. Prominence in First Aid work helped get Vulcan Cadets to the National Army Cadet Award Camp at Banff, three years out of four.

Mr. Findlay later spent about half time for four years on safety work in the oil drilling industry, which found him doing camp and rig inspections as well as conducting First Aid courses at isolated oil drilling rig camps. This took him from northern British Columbia to many points in Alberta, the North West Territories and even to offshore drilling rigs in the Gulf of Mexico. The latter trip necessitated him qualifying as instructor in the American Red Cross First Aid course because St. John Ambulance was unknown in that area.

This he was able to do at Shreveport, Calcasieu County, Louisiana. Since that time he has confined his activities to instructing and assisting in examining classes in Alberta, mainly in the County of Vulcan.

Mr. Findlay played a prominent part in getting the Vulcan Ambulance Service organized by the Town of Vulcan and the County of Vulcan and has been in charge of personnel and equipment since its inception. This is a service which fills a great need in the County and is operating quite efficiently although it has to be subsidized each year.

Along with other First Aiders he has trained, Mr. Findlay has provided First Aid services at public functions in and around Vulcan, at

also held at the Junior level for the ladies swim class (recently completed) and five ladies were successful in the examination and are to be applauded for their effort.

The third session of Red Cross swimming lessons is now under way as well as the second Bronze Medallion Class. For the adults who have not been to the pool lately, there is still a public swim for adults only on Monday and Wednesday nights from 8:00-9:00 p.m. without the discouragement of onlooking children. On Saturday coming, at noon, the DOLPHINS will be holding their second intrateam swim meet and they welcome spectators and new swimmers.

Don Tanner of High River won the Herald Districts Golf Playoff on Sunday at High River by adding a three under par 69 to his four under 66 of last week at Vulcan for a total of 135 and a three-stroke lead over Ray Wellman who carded 69's over both courses for 138.

The remainder of the field were bunched around the 150 mark, but it was grim determination and a red hot putter that kept Tanner in the lead as he was pushed by Wellman every hole of the final nine and one slip could have cost the match. But he never faltered and came through with a two-under 34 while Wellman closed with a 33. Don now represents this district in the provincial finals at Red Deer on Aug. 14-15.

The Lake McGregor Annual two day sports event each year, and on the parade route for the Calgary Stampede the last four years.

St. John Ambulance workers are unpaid, their reward being in serving their fellowman. Mr. Findlay has had the satisfaction of saving lives and of knowing that several of those whom he has trained have also been able to save lives, as well as relieve suffering and prevent further injury; and feels that he has been richly rewarded for the considerable time he has contributed to St. John Ambulance and First Aid work during the past 28 years.

Privately Owned, Operated

Start Construction 35-bed Nursing Home At Vulcan

Cascade Builders Ltd. of Calgary have been awarded the contract for a new, privately owned and operated 35-bed nursing home in Vulcan, designed to serve the County of Vulcan area.

Cost of the new building, which will be owned and operated by Blunt's Nursing Homes Ltd. of Calgary, is expected to be about \$275,000. Excavation has now started on the site, which was purchased from the Town of Vulcan and is immediately south of the Vulcan Municipal Hospital.

Nursing homes approved by the Department of Health contract to provide eligible patients the following services:

- Accommodation, meals and laundry.
- Personal services such as help and supervision in dressing, cleanliness, feeding, mobility and safety.
- Special diets, if needed.
- Routine drugs and dressings, when ordered by their doctor.
- Recreational, reactivation and other care essential to motivating activity and enjoyment of life.

Nursing homes must make available 70% of their beds as public ward accommodation, whether as 4-bed, 2-bed or 1-bed

rooms, depending on what the individual patient may need. The other 30% of their accommodation of semi-private or private rooms may be provided at additional charge to the patients who want more privacy but whose condition may not require it.

The Department of Health will pay to the nursing home \$4.50 per patient day on behalf of all those patients who have been assessed by the committee established to determine need as being eligible patients. The patient will be required to contribute \$2.50 per day as his share of the cost. The government contribution will pay the operator for the additional costs of nursing care, personal care and sundries, besides providing the money needed to repay the money borrowed to build and equip the nursing home.

The operator will be entitled to charge up to \$2.00 additional for semi-private and \$5.00 additional for private rooms asked for by the patient, but the amount of such accommodation will not be more than 30%. The operators of the contract nursing home will also be allowed to take in people who do not fulfill the Assessment Committee's requirements for eligibility, but no more than 20% of their total accommodation can be used for this type of patient. The \$4.50 a day provincial subsidy will not be paid for these non-eligible patients.

Government benefits will only be paid in respect of patients who have been found to be in need of nursing home care by the Assessment Committee, composed of doctors and social workers. Prespective patients must also have established residency requirements by having resided in the province for three consecutive years immediately preceding their application for benefits.

Surviving are his wife, Letitia Jane (Etta) Hill of Vulcan; two sons, William and Robert, both of Lethbridge; three daughters, Mrs. Marjorie Mueller, "San Francisco, Calif., Mrs. Eileen Morehouse, International Falls, Minn., and Mrs. Shirley Franks, Vulcan; one brother, R. E. Hill of Arrowwood, and one sister, Mrs. Margaret Shouldice of Calgary.

Services will be conducted by Rev. Victor Cowell at St. Aldhelm's Anglican Church, Vulcan, on Thursday, Aug. 5, at 10:00 a.m. In lieu of flowers, friends may, if they desire, send donations to the Alberta Heart Fund.

Arrangements are in charge of the Vulcan Funeral Home.

Hot Weather Continues; Rain Would Be Welcome

Very little rain was reported anywhere in the county last week and with sunny skies and 80-above or higher temperatures crops are maturing rapidly. Burning is reported in some areas. Conditions still remain very good in general and the wheat crop is pretty well all headed out but in most of the area an inch of rain would be very welcome at this stage to allow the heads to fill properly.

Swathing of fall rye is starting, according to the Wheat Pool reports. Although a large percentage of fall wheat acreage was winter-killed and was plowed under this spring, what is left will also soon be ready for the swather.

Some exceptional yields of hay are reported. Pastures show good growth but would benefit from a good rain.

Estimates of possible yields of spring wheat range all the way from 22 bushels per acre to 40, with the average educated guess being about 35.

William S. Hill Taken By Death, Services Aug. 5

An early farmer-rancher of the Buffalo Hills district, William Samuel Hill of Vulcan died Monday, Aug. 2, 1965, at the age of 76.

Born in Leola, South Dakota, in 1888; came to Calgary in 1898 and moved to Moosomin, Sask. in 1904. The same year he returned to Alberta to the Gleichen district and was active in farming and ranching in the Buffalo Hills district until retiring to Vulcan in 1962.

He was a member of Vulcan Lodge, A.F. & A.M. and an honorary member of the Vulcan Branch, Royal Canadian Legion.

Surviving are his wife, Letitia Jane (Etta) Hill of Vulcan; two sons, William and Robert, both of Lethbridge; three daughters, Mrs. Marjorie Mueller, "San Francisco, Calif., Mrs. Eileen Morehouse, International Falls, Minn., and Mrs. Shirley Franks, Vulcan; one brother, R. E. Hill of Arrowwood, and one sister, Mrs. Margaret Shouldice of Calgary.

Services will be conducted by Rev. Victor Cowell at St. Aldhelm's Anglican Church, Vulcan, on Thursday, Aug. 5, at 10:00 a.m.

In lieu of flowers, friends may, if they desire, send donations to the Alberta Heart Fund. Arrangements are in charge of the Vulcan Funeral Home.

The sights and sounds of England, Paris, Switzerland and Rome are exciting, to be sure, but when you've got a mare due to foal here at home, business comes first and that's the way it's been with the children of Joan and Budd Andrews, presently touring Europe.

The mare, Duchess, was about to become a mother just as the family were leaving on June 22 and the girls would have had the trip delayed until the event but for Dad, who put his foot down. Mike Shindrik, and his wife Pauline, looking after the farm, received a letter from the girls on June 28 asking if the colt had arrived. Next morning Mike checked the stock and there it was, just born. One of Kathy's friends, Fae Findlay, is almost as excited about the event as the Andrews family.

She couldn't bear to have them wait till their return to view the youngster so she recruited one of the Advocate staff to go out and take a fast photo to put into the mail pronto.

Well, once the herd was found, the photo was fast but it was not just a case of driving to a corral on the farm, jumping out of the car and taking the picture. Oh no! Once at the farm, then we find it's the best part of a mile hike down and up a coulee and half way there the point gets home that we've forgotten the mosquito spray. When the horses are reached, in the far corner of the coulee, it's the same case as with humans ... everyone wants their picture taken excepting the principal subject involved. However most of the other ponies were shunted to one

side, away from the oats, long enough for the photo above and with the luxuriant feed prospects this year the colt will be ready to break when the girls return.

As for the European jaunt the family went by train to Montreal and by ship to England. An off-tour swing up to Scotland had to be postponed till their return from Europe because of no advance reservations but between July 17 and this week their itinerary calls for sightseeing at Brussels, in Germany, Lucerne, Switzerland, Austria and Italy, and later back to France and England with the boat bringing them back to Canada and Vulcan August 27. So if the hail stays away the rest of the summer at home and the boat doesn't spring a leak the trip will be really complete.

Moving along in the Elks July 1st parade is The Midnight Special, drawn by two attractive matched teams of shetland ponies and a tiny colt who wasn't going to be

left at home. This visiting rig was a welcome addition to the parade and bore the address L. H. Paul, Blackie.

A miscellaneous shower was held in the community hall last Thursday evening in honor of Miss Arlene Roberts. The hall was decorated in a daisy theme, and lovely corsages for the bride-to-be and her helpers were made by Mrs. F. H. House. Mrs. Harold Williams was mistress of ceremonies. Two contests were held, and a piano solo by Miss Pam Williams was enjoyed. Twin sisters of the bride, Misses Brenda and Barbara Roberts and Miss Arlene Stokes were in charge of the guest book. Following the entertainment, Arlene, assisted by Linda and Nadine Arney, and Mavis Stokes, were seated at the decorated table, and opened many lovely gifts, which were pulled in on a wagon, by Diane Williams and Christie Culp, both of whom were dressed as daisies. Arlene ably thanked those present for the lovely gifts, and lunch was then served, bringing the evening to a close.

Rheumatic Fever

Rheumatic Fever causes more crippling disease in children than any other disease. The heart may be injured as a result of more than one attack. A doctor should be called if a child has a sore throat, especially if the sore throat came on suddenly and hurts when the youngster swallows. It may hurt under the angle of his jaw when you press gently with a finger, or if the neck glands are swollen. If he has a fever, with headache and nausea, see the doctor promptly.

County To Waive Rights To Centennial Grants

(Continued From Front Page)

teacher, was read. The committee took note of the request and felt that no specific action could be taken at this time as teachers themselves were being encouraged to provide some physical education for their students.

The secretary read a letter from the department in respect to the Centennial Program for tree planting. This matter was left in abeyance for the time.

A letter from Mr. Cartwright, acting principal, and concurred in by Mr. Brown and Mr. Jantzie, vice-principals, requesting that a change of office arrangements in the County Central High School be considered was read. This matter was left over until the next meeting or two until Mr. Psikla, the new principal, takes charge of the school.

It was moved and carried that the County make application for accident insurance for the students and host students on the Centennial Students' Program.

Mr. Hawkesworth presented the tentative program for the entertainment of the students from Hamilton, Ontario. This matter was approved by the committee.

A quotation from the Texas Refinery Co. for materials to renew the roof of the Brant School auditorium was read. It was noted that the quotation was for \$2,322.79 less 4% for cash and a labour charge of \$445. It was moved and carried that this quotation be accepted.

The secretary-treasurer presented a list of equipment which was needed for this coming term, and it was decided that tenders be requested so that prices could be obtained in time for the next meeting.

MUNICIPAL COMMITTEE

The regular July meeting of the Municipal Committee of the County of Vulcan No. 2 was held in the Council Room, County Building, Vulcan, Alberta, on Wednesday, July 14. Committee Chairman, Ivan Haga, presided and committee members M. Willard, A. Ulrich, F. Hubka, and D. McNiven were present. Also present at the meeting were N. Bradley, engineer, M. Dersch, J. O'Reilly, R. Brown, and D. McQueen, secretary-treasurer.

Discussion was held over the progress of the preparation for paving on the east road toward Lomond, and also the Milo Road. It was noted that the grading crews were working on the road east of the junction between Highways 23 and 24 owing to the fact that the weather was too wet for the grading and preparation of the east road from Vulcan. It was noted that there was considerable time lost due to wet weather and there was some concern over the completion of work in order to earn the contingency and highway grant. It was felt that there was still plenty of time to get the necessary work done.

Sam White, accompanied by his son and his legal representative, L. H. Stack, and L. J. Palosky were present at the meeting and discussed with the committee the matter of a road west of the SW 10-16-26-W4 into the Little Bow River bottom. Mr. White is the owner of the NE 4-16-26-W4 and it was necessary for him to use a temporary road which had been provided through Mr. Palosky's land to gain entrance to his quarter section. Mr. Palosky had given permission for the public to use the road.

Mr. Palosky was reluctant to have a proper road allowance surveyed from his land, and felt that in view of the fact that this road was only being opened for the purpose of one or two individuals, this was not necessary. Mr. Stack and Mr. White asked the council to provide a legally surveyed and registered road diversion through the property. After discussing the matter fully, it was felt by the members of the committee that until such time as Mr. Palosky withdrew permission for the public to use the road, no action should be taken by the county.

A letter from Glen Harman of Irricana in respect to signs on the road between Mossleigh corner and Arrowwood was read for the information of the council. It was noted that the signs requested had already been installed.

It was moved and carried that the county purchase a hundred sets of Pascal Grader blades.

Mr. McNiven reported to the council in respect to the complaint lodged by A. S. Jorgensen regarding a private road on the NE 12-19-26-W4. Mr. McNiven and Mr. Thurber had interviewed Mr. Jorgensen about this matter and had agreed to recommend to the county council that the county survey the road and have it taken from the title, and reimburse Mr. Jorgensen at the rate of three times the assessed value for the amount of land taken for the road plus the sum of \$350 which was the amount that Mr. Jorgensen was required to pay for the graveling. It was moved and carried that Mr. McNiven's recommendation be approved and recommended to the county council for the necessary by-law.

Mr. McNiven drew attention to the changes which were being

made on Highways 23 and 24 at the corner store and recommended that the following motion be adopted: "The County of Vulcan recommend to the Department of Highways that the road approaching the corner store and the service station from the west at the SE corner of 4-19-24-W4 be left for public use." This motion was carried.

It was moved and carried that authorization be given to store some of the road building and public works equipment in the hangar at the airfield.

COUNTY COUNCIL

The regular July 1965 meeting of the Council of the County of Vulcan No. 2 was held in the Council Room, County Building, Vulcan, on Friday, July 16. Reeve Jack Deitz presided and Councilors Art Ulrich, Ivan Haga, R. S. Irwin, Earl Erickson, A. McAllister, M. Willard, J. M. McKay, F. N. Thurber, and D. A. McNiven were present, also D. D. McQueen, secretary-treasurer.

A letter from the Pioneer Grain Co., Winnipeg, in respect to an adjustment on the taxes on their Herronton Elevator which had been destroyed by fire on April 14th was read. The council took no action to make any adjustment on the taxes as it was felt that the assessment was made for the calendar year January 1st to December 31st in accordance with Alberta regulations and there was no provision to apportion taxes.

An application for approval from the Imperial Oil Co. to extend their bulk plant at Brant was considered. It was moved and carried that the county recommend that approval be given.

A letter from the Honorable Gordon Taylor, Minister of Highways, in respect to an access road from the highway to the village of Carmangay was read. The letter was in reply to a letter written by the county asking the minister if he could give any assurance as to the department building an access road should the County of Vulcan annex the area. Mr. Taylor's letter conveyed the information that he was unable to make any definite commitment for such a road.

A letter and brochure from the Honorable Gordon Taylor in respect to secondary highways was read. The letter explained that the Department of Highways was anxious to have a survey of all rural municipalities and counties in the province in order to draw a plan of secondary highways which would form a basis for future highway construction. Mr. Taylor's letter also advised that the department was prepared to pay 50% of the cost of the survey. The council was very interested in the letter and the brochure and it was moved and carried that the council invite engineering firms to submit proposals at the August 12th County Council Meeting.

The secretary-treasurer read a letter from the village of Lomond in respect to the Lomond Centennial Grant application. It was requested by the village that the county advise if it is willing to waive its claim to the Federal and Provincial shares of the Centennial Grant on residents adjacent to the village of Lomond, and also if the county was prepared to make a \$1 per capita grant to the village's project. This letter brought up a discussion in respect to Centennial Grants, and after discussing this matter, it was moved and carried that the County of Vulcan will waive its right to the Centennial Grants on the per capita adjacent to villages and town, and that the county will contribute \$1 per capita to those persons living in the areas adjacent to the villages and town, such areas to be approved by the County Council.

A delegation from the Village of Carmangay composed of D. Johnson, Mayor, and B. Brown, accompanied by Ray Speaker, MLA, interviewed the council in respect to the matter of annexing certain areas now in the village to the county. This matter had been discussed by the council and officials of the village at previous meetings and no action had been taken. The delegation was now prepared to transfer the property which they had refused to transfer at a previous meeting, to the county on the understanding that the county would accept it and provide an access road. It was pointed out by Mr. Deitz, Reeve, that it would be in the interest of the people living west of Carmangay and north to have a decent access road from the highway to the village, and for this reason, he was prepared to accept the property and make application to annex it to the county. Mr. Deitz also pointed out that he would favor the county's building a good access road and gravel it, but that at no time would the county undertake to provide pavement. This would have to be provided by the provincial government under its program for that purpose. It was finally moved and carried that the county make application to the Local Authorities Board to annex the area defined after the title to the lots was transferred into the name of the

county of Vulcan No. 2, and that this action was taken on the understanding that the county would provide a gravel access road but would not be responsible in any way for paved access roads to the village.

By-law no. 498, a by-law of the County of Vulcan No. 2 to authorize the purchase of one new IHC truck, was passed.

By-law no. 499, a by-law of the County of Vulcan No. 2 to authorize the purchase, lease or other acquisition of land for road widening re: the Westerly 17 feet throughout sections 6 & 7-19-21-W4 and the Easterly 17 feet throughout sections 1 & 12-19-22-W4, was passed.

By-law no. 500, a by-law of the County of Vulcan No. 2 to authorize the purchase, lease or other acquisition of land for the purpose of a road diversion re: NE 1/4 12-19-26-W4, was passed.

Mr. Deitz, Reeve, retired from

the meeting and Mr. Haga acted in his capacity as Deputy Reeve.

Mr. Haga reported to the council in respect to the Municipal Committee's activities for the month and advised of the meeting held between Mr. White and Mr. Palosky in respect to a special road. Mr. Haga explained to the council the decision which had been made at the Municipal Meeting which was that no action be taken by the county until Mr. Palosky permanently withdraws his permission for the public to use the road. After receiving this explanation, the councillors were in agreement with the decision of the Municipal Committee.

**CHAMPION**

A miscellaneous shower was held recently for newly-weds, Mr. and Mrs. Lynn Ruggles, at the Champion Evangelical Free Church. The wedding took place at Kent, Wash., on May 29. The bride was Miss Roberta Bale, who was a student at Mountain View Bible College at Didsbury last year.

Mayruth Losey had the proverbial, beginner's luck, when she caught a 31-inch fish at Little Bow Park, where the family was picnicking with the Mel McLean family, Mrs. Joe McCombe and children and Mrs. Elsie Williams and granddaughter, Colleen.

Mr. and Mrs. Bill Diemert recently returned from a holiday in Cutbank and Chester, Mont., Glacier National Park and Logan Pass.

Missionaries Harry and Marion Ruggles and their sons, Leslie and Marvin, arrived from Caracas, Venezuela this month, after reporting to the denominational headquarters in Minneapolis. They are making their home in Champion for their furlough so that they can be near their parents, Mrs. Violet Ruggles of Champion and Mr. and Mrs. Bert Johnson of Vauxhall. Harry has been serving as speaker at various Bible camps. The first one was at Onoway, Alta. The family will accompany him for camps at Winfield and Terrace, British Columbia.

Mr. and Mrs. Jim Hopkins and family and Mr. and Mrs. LaVerne Granlin and family have returned from a holiday at Happy Valley and Sylvan Lake.

Mrs. Donald Clifford motored to Maple Creek, Sask., on Thursday to meet her four oldest children who have been holidaying at Lucky Lake, Sask., for the past several weeks.

The Champion Public Library will be closed from August 5 until August 19.

Mr. and Mrs. Bud Siler and girls of Wetaskiwin visited friends and relatives in Champion during the weekend.

Recent visitors at the home of Mr. and Mrs. S. L. Jones were Mr. Jones' uncle and aunt, Mr. and Mrs. Charlie Johnson of New Brunswick and Mr. and Mrs. Bill Botterill, Moose Jaw, Sask.

Mr. and Mrs. Ken Stephenson and girls left during the weekend for their vacation.

BRIDAL SHOWER

Ladies from the town and district were hostesses at a bridal shower in honor of Miss Betty Carlson on Monday, July 25. The parlors of the United Church were decorated in pink and white bells and ribbons for the occasion with vases of bouquets of lovely summer flowers.

Mrs. Les Christensen was MC and Mrs. Carl Culler presented Miss Carlson with a corsage. The mother of the bride, Mrs. T. P. Carlson and her aunt, Mrs. Jervis also received corsages. Elinor, Ruth, Grace and Joan Hummel sang two selections accompanied at the piano by their mother, Mrs. George Hummel. Then a very amusing resume of Miss Carlson's life was presented by several young ladies reviewing her school days, choir practice, CGIT work, nurses training, a trip to Hawaii and the courtship.

The gifts were brought in and presented by Maureen Smith and Al Culler. Miss Carlson thanked the ladies for the lovely gifts and invited everyone to visit them in their home at Wetaskiwin. Lunch was served at the close of the evening.

TROUSSEAU TEA

Mrs. T. P. Carlson entertained in honor of her daughter, Betty at a trousseau tea on Wednesday, July 28.

The tea table was covered with a beautiful cloth, an heirloom in the family of Mrs. Carlson. Bouquets of summer flowers were in the rooms. Mrs. F. L. Little poured tea and coffee, and Mrs. Gordon Carlson and Mrs. Jervis served.

Miss Carlson showed her trousseau and gifts. One of the beautiful gifts was a hand made Queen Anne lace tablecloth, a gift of her grandmother, Mrs. Kay.

25TH WEDDING ANNIVERSARY

Friends and relatives of Mr. and Mrs. Bob Ruggles gathered at the Champion Evangelical Free Church on July 14th to celebrate the anniversary of their wedding, which took place July 6th, 25 years ago. At the table of honor, which was decorated in pink, white and silver, were seated the bride and groom of a quarter-century ago, looking very young and happy, their two daughters, Beverly and Bobbi, and Mrs. A. Hanson and Mrs. Violet Ruggles, mothers of Marie and Bob.

A three-tiered cake, prepared by Mrs. Wayne Ruggles and Delores was topped by a silver 25, while a tiny bride and groom stood on a silver path that led up to it. Also gracing the head table were two other lovely anniversary cakes brought by Mrs. David Deal and Mrs. Elmer Deal.

Many gave spontaneous reminiscences, congratulations and best wishes, including brothers and sis-

ters of the groom, Mrs. Leona Edenloff, Mrs. Lorena Steeves, Royal, Ross Wayne and Dorn Ruggles. Mrs. Harry Ruggles brought greetings and wishes from her husband who could not be present. The eldest sister of the bride, Mrs. Pearl Thomson, read a poem of her own composing in honor of the occasion. Others of the family present were Mrs. Vivian Jacobson, Mrs. Edith Theriau, Mrs. Evelyn Getters and Bernard Hanson. Beverly Ruggles read a poem entitled, "Twenty-Five Years".

Musical numbers were enjoyed also, duets by Mrs. Harry Ruggles and her sister Mrs. Vern Beck and a solo by Mrs. Beck. Rev. Bill Ruggles of Lethbridge, who was guest at the original occasion but too young to remember much, sang, A Wedding Prayer at this occasion, accompanied by Mrs. Frank Ruggles. Rev. E. Losey read a psalm and led in prayer thanking God for His blessings upon the couple and asking His continued grace and guidance for their lives and for their children.

The master of ceremonies, Rev. Ingmar Jacobsen of Bow Island, asked Ross Ruggles to present the gifts, a set of dishes, stemware and stainless steel flatware. Marie was given a plaque by the local WMS in appreciation of years of selfless service in the mission society. There was also a money tree for the couple. It had produced a good sum of money, but warning was given that it was only a slip and not well-rooted.

Bob responded to the expressions of good will with gratitude in a speech which concluded, "I can truthfully say that this has been the best 25th wedding anniversary I ever had."

To close the evening a good time of fellowship and a bountiful supply of delicious refreshments were enjoyed by the many guests.

Most of Mr. and Mrs. Bob Ruggles' 25 years have been spent in Enchant and Champion districts, but they now reside in Lethbridge, where Bob is representing Kirk's Furnaces.
